Kung-yeh Ch'i-ts'ai (Industrial Equipment
and Materials), No 1, Peiping, 10 Jan 1952

[Comment and Summary: This report lists the prices of iron and steel products in China as established by the Iron and Steel Industry Bureau of the Ministry of Heavy Industry. The prices quoted are based on the conversion rate of 20,040 yuan to one US dollar. The unit of measurement is given in tons with the exception of wood screws, which is given in kegs.

Letters C and T given with numbers attached in the "Product and Specification" column refer to carbon steel and tool steel, respectively, according to quality specifications as set forth in the 1950 Heavy Industry Handbook.]
